Where this fits

In Assignment 1 I chose the niche "mini makeup gift pouches for girls" and the main keyword "mini makeup kit for girls". Here I find the actual product and the dropshipping supplier. This same product is listed in Assignment 3 and compared with competitors in Assignment 4.

1. Where I looked

- **Local online gift sellers:** small Pakistani shops selling ready-made makeup pouch deals for girls at around Rs 1,200.
- **Daraz.pk:** kids makeup kits and pouches, to see prices and what sells.
- **Markaz (markaz.app):** a Pakistani dropshipping and reselling platform that lists kids makeup kits for Eid and parties.
- **OLX:** quick price check of local sellers.
- **AliExpress through the DSers app:** to see the same kind of kits sold from China.

2. What makes a winning product for us

1. Wow factor: looks cute in a photo
2. Price under Rs 1,500
3. Small and light, so delivery is cheap
4. Strong gift appeal
5. Does not break easily
6. Available from a dropshipping supplier
7. Leaves around 25% profit after costs
8. Looks good on a product page

3. Shortlist and scores

I scored four products that fit our brand (all four appear as icons in our logo). Each criterion is out of 5.

Criteria	Mini Makeup Pouch	Beaded Bracelet Set	Flower Claw Clips	Bag Charm Keychain
Wow factor	5	3	4	4
Price under Rs 1,500	5	5	5	5
Small and light	4	5	4	5
Gift appeal	5	4	3	4
Does not break	4	5	3	4
Supplier available	4	5	5	4
Profit	4	4	3	4
Photo appeal	5	3	4	4
Total (out of 40)	**36**	**34**	**31**	**34**

Winner: Mini Makeup Gift Pouch. It scored highest on wow factor, gift appeal and photo appeal. Bracelets and bag charms also scored well, so they can be added later as add-ons, but this project stays on one product, as required.

4. The winning product

Strawberry Pink

Cherry Red

Kiwi Green

Orange Sunshine

Blueberry Blue

Name	Trinket Tales Mini Makeup Kit for Girls (Gift Pouch)

Packaging	Clear zip pouch with a bear-shaped top and a hanging hole, so it is gift-ready as it arrives
Colours	Strawberry Pink, Cherry Red, Kiwi Green, Orange Sunshine, Blueberry Blue
Age	8 and up; younger children with an adult
Selling price	Rs 1,200 (compare-at Rs 1,500)

5. Supplier and dropshipping plan

	Local wholesale reseller	Markaz (Pakistan)	DSers + AliExpress
How it works	A Pakistani wholesale seller of this exact pouch packs and sends each order to our customer with cash on delivery. We pay the reseller price and keep the margin.	Pakistani reseller app with cash on delivery. Its China section sources from 1688 and delivers inside Pakistan. We place each order in our Markaz account.	Official AliExpress app, installed on our Shopify store. The closest AliExpress kids' makeup set is mapped to our product, orders go to the supplier in one click and tracking comes back to Shopify.

	Local wholesale reseller	Markaz (Pakistan)	DSers + AliExpress
Delivery time	About 2 to 5 days	About 2 to 5 days for local stock	About 17 days to Pakistan
Payment	Cash on delivery	Cash on delivery	We prepay; shipping about US$10.53 per order
Our choice	**Main supplier (exact pouch)**	Second option and extra products	Online backup

What we found when connecting the supplier

- **DSers is installed on our Shopify store.** Its shipping settings for Pakistan show AliExpress Standard Shipping at about **US$10.53 and 17 days**. That is more than our Rs 1,200 price, so AliExpress only works as a backup.
- **The exact bear-bag pouch is not listed on AliExpress or 1688.** It is a bundle packed by local wholesalers from small Chinese gift items, so the closest AliExpress kids' makeup set is mapped as the online backup.
- **Its parts are sold in Pakistan.** For example, the same BIOAQUA fruit-cake hand creams sell at Rs 699 for five (about Rs 140 each), which confirms local supply through importers such as Karachi's Bolton Market.
- **Markaz's China section** (1688 sourcing with cash on delivery) is the route if we want the exact pouch through a dropshipping platform.

Why local first: Pakistani buyers expect cash on delivery and quick delivery. A local supplier gives both and keeps the exact product. DSers stays connected as a backup with automatic order sync.

Order flow

1. Customer orders on our Shopify store and chooses cash on delivery.
2. We confirm the order on WhatsApp (cuts fake COD orders).
3. We place the same order with the supplier (local reseller or Markaz).
4. Supplier packs the pouch and sends it with the courier.
5. Courier collects cash from the customer; our margin is paid out to us.

6. Costing (per pouch, planning estimate)

Item	Amount
Selling price	Rs 1,200
Product cost from supplier (estimate)	- Rs 650
Thank-you card / sticker	- Rs 30
COD returns allowance (about 5%)	- Rs 60
Marketing per order (online ads)	- Rs 150
Profit per order	**about Rs 310 (26%)**
Delivery charge	Rs 200, paid by the customer at checkout (free over Rs 2,500)

The supplier price will be confirmed with the reseller before launch; these numbers are for planning.

7. Risks and how we handle them

Risk	What we do
Cosmetics used by children	Clear notes on the listing: age 8+, patch test on the hand first, keep away from eyes, adult help for younger kids.
Cartoon characters on some packaging	We never use character or brand names in our titles, tags or ads, and we do not claim to be an official licensed product.
Nail polish could leak	Supplier packs in a zip pouch with bubble wrap; we replace anything that arrives damaged.
Same product sold by others	We win on presentation, colour choice, honest listing and fast replies (see Assignment 4).

How this connects to the other assignments

From Assignment 1: chosen because it matches the main keyword "mini makeup kit for girls" and our two buyer types.

To Assignment 3: this product, its 5 colours, contents, Rs 1,200 price and local supplier are what the Shopify listing is built on.

To Assignment 4: the competitors studied are other sellers of this same kind of kit.
