Where this fits

In Assignment 1 I chose the niche "washable kids' makeup gift kits" and the main keyword "kids makeup kit for girls". Here I find the actual product and a supplier that can dropship it. This same product is listed in Assignment 3 and compared with competitors in Assignment 4.

1. Where I looked

- **Our own Instagram page and local gift sellers:** what Pakistani girls' gift pages sell, including a bear-bag mini makeup pouch deal at Rs 1,200.
- **Daraz.pk and online toy stores:** kids makeup kits, their prices and what sells.
- **Markaz (markaz.app):** a Pakistani dropshipping and reselling app with kids makeup kits.
- **OLX:** quick price check of local sellers.
- **AliExpress through the DSers app:** kits that can be dropshipped straight to our customers.

2. What makes a winning product for us

1. Wow factor: looks cute in a photo
2. Price fits a gift budget
3. Small and light, so it ships easily
4. Strong gift appeal
5. Does not break easily
6. An exact listing from an online supplier, so it can be dropshipped
7. Leaves a healthy profit after costs
8. Looks good on a product page and on Instagram

3. Shortlist and scores

I scored four products that fit our brand. Each criterion is out of 5.

Criteria	Lollipop Makeup Kit	Bear-bag Makeup Pouch	Butterfly Charm Bracelet	Flower Claw Clips
Wow factor	5	5	3	4
Price fits gift budget	4	5	5	5
Small and light	4	4	5	4
Gift appeal	5	5	4	3
Does not break	4	4	5	3
Exact online supplier	5	1	4	5
Profit	4	4	2	3
Photo appeal	5	5	3	4
Total (out of 40)	**36**	**33**	**31**	**31**

Winner: Lollipop Makeup Kit. It has the same gift appeal as the bear-bag pouch from our Instagram page, but it also has an exact supplier listing on AliExpress, so it can be dropshipped properly. The bear-bag pouch is a bundle packed by local wholesalers and is not listed by any online supplier, so it stays in our own Instagram range. A Rs 200 bracelet cannot carry AliExpress shipping to Pakistan, which is why its profit score is low.

4. The winning product

Name	Trinket Tales Lollipop Makeup Kit for Girls (Washable Gift Box)
What it is	A washable kids' makeup set in a cute lollipop-shaped case that opens in layers
What's inside	Lip colours, eyeshadow, blush and nail polish (the exact pieces are shown in the supplier photos)
Age	Best for ages 6 and up; younger children with a grown-up
Supplier	AliExpress seller (Rooy Toy Store): aliexpress.com/item/4000781891981.html
Supplier price	About US$7.37 to US$14.69 depending on the option; rated 4.4 out of 5
Proof of demand	The same lollipop kit is also sold by other online shops abroad (for example SND Kids at US$11.99, and on Daraz Bangladesh)
Our selling price	Rs 3,499 (compare-at Rs 4,499)

The supplier's own photos and options are imported into our Shopify store by DSers, so the product we show is exactly the product that is shipped (see Assignment 3).

5. Supplier and dropshipping plan

	DSers + AliExpress (main)	Backup AliExpress seller	Local stock (later)
How it works	DSers is installed on our Shopify store. The supplier listing is imported with its photos and options. Each order goes to AliExpress in one click and tracking comes back to Shopify.	Another seller of the same lollipop kit (aliexpress.com/item/4000811549459.html). It can be connected in DSers in a minute if the main seller runs out.	When sales grow, order 10 to 20 kits at once and keep them at home, then send with a local courier.
Delivery time	About 17 days to Pakistan (AliExpress Standard Shipping)	About the same	2 to 5 days
Payment	Customer pays in advance (bank transfer, JazzCash or Easypaisa); we pay AliExpress	Same	Cash on delivery
Our choice	**Main supplier**	Backup	Next step when sales grow

What we found when connecting the supplier

- **DSers is installed on our Shopify store.** Its shipping settings for Pakistan show AliExpress Standard Shipping at about **US$10.53 and 17 days**, so shipping is the biggest cost to check for each product.
- **Imported parcels come straight from China**, so no courier can collect cash for us. Imported items therefore need advance payment; our own stock keeps cash on delivery.
- **The bear-bag pouch from our Instagram has no online supplier.** It is packed by local wholesalers, so we sell it from our own stock instead of dropshipping it.

Order flow

1. Customer orders the kit on our Shopify store and pays in advance.
2. We confirm the order on WhatsApp.
3. In DSers we press Place order to AliExpress; the supplier ships straight to the customer.
4. The tracking number comes back to Shopify and the customer gets an update.
5. The kit arrives in about 2 to 3 weeks.

6. Costing (per kit, planning estimate)

Item	If supplier shipping is free	If shipping is US$10.53
Selling price	Rs 3,499	Rs 3,499
Kit from supplier (US$7.37 at about Rs 280 per US$)	- Rs 2,060	- Rs 2,060
Shipping to Pakistan	Rs 0	- Rs 2,950
Thank-you card	- Rs 30	- Rs 30
Returns and refunds allowance (about 5%)	- Rs 175	- Rs 175
Marketing per order (Instagram)	- Rs 250	- Rs 250
Profit per order	**about Rs 984 (28%)**	**loss of about Rs 1,966**

Decision: before launch we check the real shipping cost for this listing in DSers. If it is free or low, we sell at Rs 3,499. If it is around US$10, we buy 10 to 20 kits at once for local stock, which spreads the shipping cost, instead of raising the price above the toy stores. Delivery to the customer is free because the kit is over Rs 2,500.

7. Risks and how we handle them

Risk	What we do
Long delivery for imported items	Each product page shows its own delivery dates (10 to 20 working days for imported items), and the FAQ explains it.
Buyers unsure about paying in advance	WhatsApp confirmation, tracking number for every order, clear refund policy.
Makeup used by children	Washable makeup, clear notes: age 6+, patch test, keep away from eyes, adult help for younger kids.
Supplier runs out of stock	Backup seller of the same kit is ready in DSers.
Parcel lost or damaged	AliExpress buyer protection; we replace or refund the customer.

How this connects to the other assignments

From Assignment 1: chosen because it matches the main keyword "kids makeup kit for girls" and our two buyer types.

To Assignment 3: this product, its supplier photos and options, Rs 3,499 price and DSers connection are what the Shopify listing is built on.

To Assignment 4: the competitors studied are other sellers of kids makeup kits.
